INDEPENDENT AUDITORS' REPORT

To the Partners of The Williams Capital Group, L.P.

We have audited the accompanying consolidated statement of financial condition of The Williams Capital Group, L.P. and Subsidiaries (the "Partnership") as of December 31, 2006. This consolidated statement of financial condition is the responsibility of the Partnership's management. Our responsibility is to express an opinion on this consolidated statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated statement of financial condition referred to above presents fairly, in all material respects, the financial position of The Williams Capital Group, L.P. and Subsidiaries as of December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

2. Summary of significant accounting policies (continued)

Allocation of Profit and Loss

Net gains and losses of the Partnership are allocated to the partners in proportion to each partner's respective ownership percentage. At December 31, 2006, the general partner owned 9.90% of the Partnership and 90.10% was owned by limited partners.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts disclosed in the financial statements. Actual results could differ from those estimates.

Stock-Based Compensation

Effective January 1, 2006, The Partnership has adopted SFAS No. 123(R), "Accounting for Stock-Based Compensation (Revised)." SFAS No. 123(R) supersedes APB No. 25 and its related implementation guidance. SFAS No. 123(R) focuses primarily on accounting for transactions in which an entity obtains employee services in share-based payment transactions. SFAS No. 123(R) requires an entity to measure the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award (with limited exceptions). That cost will be recognized over the period during which an employee is required to provide service in exchange for the award the requisite service period (usually the vesting period). No compensation costs are recognized for equity instruments for which employees do not render the requisite service. The grant-date fair value of employee share options and similar instruments will be estimated using option-pricing models adjusted for the unique characteristics of those instruments. The adoption of SFAS No. 123(R) had no effect on the 2006 financial statements of the Partnership.

3. Securities held for investment

The Partnership values investments in securities and securities sold short that are freely tradable and are listed on a national securities exchange or reported on the NASDAQ national market at their last sales price as of the last business day of the period.

The Partnership values investments in securities for which there is no ready market at fair value as determined by the Partnership's management. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the securities existed.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

3. Securities held for investment (continued)

Securities held for investment as of December 31, 2006 consisted of the following:

During the year ended December 31, 2006 the Partnership paid approximately \$429,000 in interest on the subordinated debt. The note bears interest at an effective annual rate equal to the greater of the prime rate (8.25% at December 31, 2006) or the federal funds rate (5.25% at December 31, 2006) plus ½% per annum.

During the year ended December 31, 2006, the Partnership obtained two temporary subordinated loans from its clearing broker for \$4,300,000 and \$12,000,000, maturing in May 2006 and October 2006, respectively. These loans were in accordance with agreements approved by the NASD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

7. Benefit plan

The Partnership sponsors a 401(k) defined contribution plan (the "Plan"). All full-time employees become eligible for the Plan upon completion of three months of service and reaching the age of twenty-one. Employees may elect to contribute up to 15% of their annual salary up to a maximum of \$15,000 in calendar year 2006. The Partnership does not make a matching contribution.

8. Net capital requirements

The Partnership is subject to the SEC Uniform Net Capital Rule 15c3-1. This Rule requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2006, the Partnership's net capital was approximately \$5,482,000 which was approximately \$5,339,000 in excess of its minimum requirement of approximately \$143,000.

9. Off-balance sheet risk

Pursuant to its clearance agreements, the Partnership introduces all of its securities transactions to clearing brokers on a fully-disclosed basis. All of the customers' money balances and long and short security positions are carried on the books of the clearing brokers. In accordance with the clearance agreements, the Partnership has agreed to indemnify the clearing brokers for losses, if any, which the clearing brokers may sustain from carrying securities transactions introduced by the Partnership. In accordance with industry practice and regulatory requirements, the Partnership and the clearing brokers monitor collateral on the customers' accounts.

Amounts receivable from clearing brokers may be restricted to the extent that they serve as collateral for securities sold short. Amounts payable to brokers represent margin borrowings that are collateralized by certain marketable securities.

10. Income taxes

Federal and state income taxes have not been provided in the accompanying consolidated financial statements as the partners are individually liable for their share of federal and state income tax liabilities.

However, the Partnership is subject to a 4% New York City Unincorporated Business Tax which has been provided and is included in the consolidated statement of operations.

11. Exemption from Rule 15c3-3

The Partnership is exempt from the SEC Rule 15c3-3 pursuant to the exemptive provision under sub-paragraph (k)(2)(ii) and, therefore, is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers".

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

12. Commitments

The Partnership has entered into non-cancelable leases for office facilities, which contain provisions for rent escalations based on increases in certain costs incurred. Aggregate minimum future rental payments, net of sublease income of approximately \$86,000 and \$57,000 for the years ending December 31, 2007 and 2008, respectively, are approximately as follows:

Year ending December 31

2007	\$ 393,000
2008	 128,000
Total minimum future rental payments	\$ 521,000
Total Illimitation (Electron Payments	

Occupancy expense for the year ended December 31, 2006 amounted to approximately \$825,000.

13. Fair value of financial instruments

Management estimates that the fair value of the financial instruments recognized on the consolidated statement of financial condition (including deposits, securities owned, receivables, payables and accrued expenses) approximates their carrying value as such financial instruments are either carried at fair value or are short-term in nature and there has been no substantial change in the creditworthiness of the counterparties.

14. Concentrations of credit risk

In the normal course of business, the Partnership customer activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Partnership to off-balance-sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Partnership has to purchase or sell the financial instrument underlying the contract at a loss.

The Partnership maintains its cash balances in various financial institutions. These balances are insured by the Federal Deposit Insurance Corporation up to \$100,000 per institution.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

15. Option plan

The Partnership has granted to certain key employees non-qualified options to purchase units of partnership interest. The options are exercisable upon an occurrence of a liquidity event (i.e. sale of Partnership Interests), or at any time with the General Partner's written consent up to the number of units which the General Partner permits.

Valuation of the options were based upon the book value of the Partnership, at the time of grant. As such outstanding options have exercise prices ranging from \$.03 to \$1.14. All options are fully vested and generally do not expire. The Partnership will value any additional options issued using option-pricing models adjusted for the unique characteristics of these instruments.

Options are forfeited the date of the option holder's employment with the Partnership has been terminated. A summary of the Partnership's option activity follows:

	December 31, 2006 Weighted		
	Number of Units Outstanding		Average Exercise Price

The following table summarizes information about options outstanding at December 31, 2006:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

16. Litigation

The Partnership has been named as a defendant in several lawsuits against a number of securities dealers. The Partnership also has a pending arbitration with a former employee that is being arbitrated by the American Arbitration Association. While the outcome of these lawsuits and arbitration proceedings cannot be predicted at this time with certainty, it is the opinion of management that the outcome will not have a material adverse effect on the financial position or operations of the Partnership.
